

Benchmarks

Benchmarking processes involve shaping a vision of the future, crafting goals, and setting targets to mark progress. Historical data are used to establish a baseline for various targets. Benchmarks or milestones are established as periodic markers along a timeline toward the targeted goals. In response to each benchmark, periodic data measures or indicators, are collected and compiled in annual or biennial reports that show progress toward attainment of the goals.

Contact List (Listed Alphabetically by State Agency)

Gerard Bulanowski
Environmental Assessment Program
Manager
Colorado Department of Public Health and
Environment
4300 Cherry Creek Dr., South
Mail Code OE-B2
Denver, CO 80222-1530
Phone: (303) 692-3004
