

Type A Indicator, List 2: Indicators that are based in national data sets, have known metadata at the state level and are appropriate at the state level. The data are not comparable across the states.

Indicator Description	Data Source	Data Characteristics Known/Unknown	Data Availability to States National/Regional/State	Indicator Hierarchy (1-6)	Pressure- State- Response	Indicator Type (A,B,C)
<i>Draft Air Environmental Indicators for Performance Partnerships</i>						
None						
<i>Draft Ecosystem Environmental Indicators for Performance Partnerships</i>						
Forest vegetation conditions associated with air pollution effects	Environmental Monitoring and Assessment Program and USDA Forest Health Monitoring Program	Known--Published reports	Available at regional, ecosystem and state levels	6	State	A
<i>Draft Hazardous and Solid Waste and Pesticide Environmental Indicators for Performance Partnerships</i>						
None						
<i>Draft Water Environmental Indicators for Performance Partnerships</i>						
Percentage of streams and rivers impaired by pollution	State reports that form the Biennial National Water Quality Inventory Report (305(b))	Uncertain--varies by state	Available at state level	4	State	A
Percentage of lakes impaired by pollution	State reports that form the Biennial National Water Quality Inventory Report (305(b))	Uncertain--varies by state	Available at state level	4	State	A
Total population served by municipal wastewater treatment facilities	State reports that form the Biennial National Water Quality Inventory Report (305(b))	Uncertain--varies by state	Available at state level	4	State	A

Type A Indicator, List 2: Indicators that are based in national data sets, have known metadata at the state level and are appropriate at the state level. The data are not comparable across the states.

Indicator Description	Data Source	Data Characteristics Known/Unknown	Data Availability to States National/Regional/State	Indicator Hierarchy (1-6)	Pressure-State-Response	Indicator Type (A,B,C)
Trends in total loadings to waterbodies from sewage treatment plants of major sewage pollutants	Permit Compliance System	Known--active data base, but difficult to use	Available at state level; inconsistent data quality	3	Pressure	A
Trends in total loadings to waterbodies from selected conventional pollutants: total suspended solids, biological oxygen demand, fecal coliform, nutrients	STORET	Known--active data base, but difficult to use	Available at state level; inconsistent data quality	3	Pressure	A
Rivers/streams/lakes/estuaries (miles/acres/square miles) reported as meeting uses for fishing/swimming/boating or shellfishing (the indicator description can yield as many as 12 indicators)	State reports that form the Biennial National Water Quality Inventory Report (305(b))	Uncertain--varies by state	Available at state level	4	State	A
Fish consumption advisories by number of advisories and cause of advisory	State fish consumption advisories	Known--Fish Advisory Data Base and published article	Available at state level; data base being refined	4	State	A, B
