

**Type A Indicator, List 3: Indicators that are based in data sets available to less than 50 states, have known metadata that meet essential indicator selection criteria and that are comparable across the states.**

Indicator Description	Data Source	Data Characteristics Known/Unknown	Data Availability to States National/Regional/State	Indicator Hierarchy (1-6)	Pressure- State- Response	Indicator Type (A,B,C)
<b><i>Draft Air Environmental Indicators for Performance Partnerships</i></b>						
None						
<b><i>Draft Ecosystem Environmental Indicators for Performance Partnerships</i></b>						
None						
<b><i>Draft Hazardous and Solid Waste and Pesticide Environmental Indicators for Performance Partnerships</i></b>						
Pesticide residues in food	U.S. FDA Pesticide Residue Monitoring Program	Known--published report	Available for 23 states	4	State	A
<b><i>Draft Water Environmental Indicators for Performance Partnerships</i></b>						
Beach closures--numbers of closures and causes	Natural Resources Defense Council	Known--published reports	Available for 29 states	4	State	A
Pollution sources affecting harvest limited shellfish bed acreage	National Shellfish Register, NOAA	Known--Published report	Available for 23 coastal states	4	State	A
Toxics in fish, shellfish, and sediments	National Status and Trends Program, NOAA, 1984-present	Known--published reports--10 years of data in 400 publications	Available for 24 coastal states as Data Atlases	6	State	A
Fish kills--numbers and causes	Fish Kills in Coastal Waters 1980-1989, NOAA	Known--Published report	Available for 22 coastal states	3	State	A
Biological health of rivers and streams--biological integrity assessments	States	Varies with each state, but methods are similar; overview report due August 1995	Available in 47 states	6	State	A

**Type A Indicator, List 3: Indicators that are based in data sets available to less than 50 states, have known metadata that meet essential indicator selection criteria and that are comparable across the states.**

Indicator Description	Data Source	Data Characteristics Known/Unknown	Data Availability to States National/Regional/State	Indicator Hierarchy (1-6)	Pressure-State-Response	Indicator Type (A,B,C)
Percent of community water systems with source water protection programs in place by type of system	Biennial Reports of Wellhead Protection Program Progress	Uncertain	Data on wellhead protection is available for 19 states; surface water protection data is unavailable	2	Response	A
